

## Checklist

- Confirm the pilot is on board
- Check the manifest against the dock log
  - Pallets counted by the night shift
    - Damaged pallets set aside
    - Missing pallets reported
  - Containers sealed
- Sign the departure form

## Procedure

1. Open the harbour office
  - a) Read the overnight log
    - i. Note every call from the dispatcher
    - ii. Note every weather warning
  - b) Check the ferry schedule
2. Brief the crews
  - a) Assign the northern channel
3. Release the first ferry

### A second list that starts again at 1

1. Close the office
2. File the day report

The harbour office opens at seven, and the first ferry leaves as soon as the pilot has signed the manifest. Every shipment carries a paper copy of its route, because the radio link fails more often than anyone admits. In winter the northern channel freezes, so the schedule moves two hours later and the crews rotate every week.
